# LEGISLATION AND LEGISLATORS

# HOUSE ADDS TO

Eighty Thousand Dollars Included for High Schools for Next Two Years.

BLUFF AT TRIMMNIG BILL

PRINCIPAL COUNTIES NOT TO HAVE ROAD MONEY.

The appropriation bill passed the house yesterday. It was amended in PURPLE INK NOW

which high schools are established and maintained, shall report to the state board of education, the actual number of students enrolled and in actual attendance at said high school. tegether with the daily average attendance of the students so enrolled during such school year, which report shall be verified under oath by the board. On the receipt of the reports of the cities and school districts maintaining high schools as aforesaid, the state board of education shall apportion to the several cities and school districts, maintaining high schools, the sum of \$20,000, such apportionment shall be made according to the average number of students in attendance at each high school as shown by such report; and immediately furnish to the treasurer of each school board, in districts where such high schools are maintained, an abstract of such apportionment, the shall also certify such apportionment to the state auditor, and upon receiving such certificate the auditor shall contribute the details of the state auditor and upon receiving such certificate the auditor shall contribute draw his waverant on the state auditor shall contribute draw his waverant on the state auditor shall contribute draw his waverant on the state auditor shall contribute draw his waverant on the state auditor shall contribute draw his waverant on the state auditor shall contribute draw his waverant on the state auditor and upon receiving such certificate the auditor shall contribute draw his waverant on the state auditor and upon receiving such certificate the auditor shall contribute draw his waverant on the state auditor and upon receiving such certificate the auditor and upon receiving such certificate the auditor shall contribute draw his waverant on the state auditor and upon receiving such certificate the auditor and upon receiving such certificate the auditor shall contribute draw his matter eliminated and Rules of Order. With a testing the actions of the transmitted elements to the state auditor. And happortion has no privilege, but state receiving such certificate the auditor shall forthwith draw his warrant on the state treasurer in favor of the treasurer of the board of education or district, as the case may be, for the amount the said board or district is entitled to under such appor-

County Road Money.

In accordance with the wishes of Mr. McMillan, chairman of the appropriations committee in appropriations for Salt Lake, Weber, Cache, Utah, Davis and Box Elder counties were stricken down. This was done on representation that all, with one exception, of these counties contained state aided institutions, Mr. Thornley of Davis made a sturdy fight for the retention of the Davis appropriation of \$2,000, but this went down The total of this elimination is \$14,000, of which Salt Lake had been by the senate granted \$3,000. The amount for traveling teachers

for the benefit of the adult blind was increased from \$3,000 to \$4,000.

Five thousand dollars was inserted to meet the claims of the farmers in Cache county against the Agricultural college for damage done their property by reason of the seepage and overflow of water from the farm at the experiment

#### station near Logan. Badges for Chauffeurs.

Inasmuch as a bill has been passed providing that strict regulation of automobile driving shall prevail outside the cities, \$1,000 was provided for the purpose of providing the secretary of state with funds with which to purchase books, application blanks, badge and other necessary stationery to carry the law into effect.

The amount of \$20,000, as it appeared in the senate bill, for the payment of bounty claims, was made \$40,000, the intention being to make the \$20,000 annua disbursements; the amendment made to comply with the technical requirements of the law.

### State Engineer Gets More.

ous items in this wise:

"For three members of said board for part of calendar year 1909, \$375; for salary of secretary of said board, \$275; for salary of the state horticultural inspecsalary of the state horticultural inspec-

all of the year of 1910, \$2.687.50; for office clerk, \$1,530; for necessary traveling and contingent expenses of said coard of horticulture and said coard of horticulture and said horticultural commission, the state horticultural inspector and special deputies, or so much thereof as may be necessary, \$3,132; provided, that no mileage shall charged where free transportation is

One thousand dollars was stricken from the board of health appropriation for bacteriological work, and added to the general appropriation for contingent expenses of the office: the bacteriological feature having already been cared for, and the senate having stricken down \$1,000 from the \$10,000 originally decided upon by the committee:

Grand county was included in the

The annotation to this paragraph reads:
"Where it is desired not only to rescind the action, but to express very strong disapproval, legislative bodies have on rare occasions voted to rescind the objectionable resolution and expunge."

Did Two-Thirds Vote Aye?

There appeared to be a good deal of doubt as to whether or no the necessary two-thirds vote of members, meaning 35, voted for the expunging from the record of reference to senate bill No. 148. This is a requirement of Robert's rules. The speaker, however, de lated that the it a hitch, and that was all there was

The eternal question, however, remains: "Where is senate bill No. 148? Has it passed both houses? Is it ready to go to the governor for his signature after being engressed?" If it has achieved all these noteworthy steps, then what will happen to house bill No. 240, the Hansen bill, with the "amendments" to senate bill 148?

Do Not Go Behind Record.

It is the assertion of prominent law-yers that, the courts do not go behing the records, and that the action taken by the house yesterday is away off, unless it was taken with ulterior motive. They declare that, as the situation now is, the declare that, as the situation now is, the Badger bill has passed both houses, that the house action of Wednesday night cuts no figure and that the one of the two things to do, if anything is going to be done at all, is for the house to recall senate bill No. 148, insert the amendments in proper form—the proper form being purple ink—and send it back to the senate.

"There is a rule of this legislative assembly that requires that all amendments."

The other alternative is to move for a reconsideration of the vote on the Badger bill and kill that bill. Then the Hansen bill will be the "paramount" issue.

#### BENNER X. SMITH BRANDS THE RIPPER LIQUOR BILL WITH THE BAR SINISTER

At the forenoon session of the senate yesterday senate bill No. 148 was not mentioned. In the afternoon Senator Badger asked if there were not a communication State Engineer Gets More.

The senate had cut the original committee draft on the appropriation for the state engineer from \$25,000 to \$21,000. The latter figure was restored yesterday

The latter figure was restored yesterday by the house.

Contingent expenses for the office of fish and game commissioner, \$2,500, were stricken down.

While the total amount for the state board of horticulture is not changed, a house amendment segregates the various items in this wise:

Kuchler then said:

"Mr. President, inasmuch as this appears to be an entirely new bill. I move that it be sent to the sifting committee." Senator Badger objected:

"The senate has not been officially advised as to the nature of the amendments. I would move as a substitute that the secretary read the amendments, or, rather, read the bill as amended."

"The chair feels that this is a new bill

"I rise to a point of information," said Senator Wilson. "I do not know whether this is a new bill or the old one amended."

"Shouldn't it be a substitute?" asked Senator Kuchler.
"I don't know," said Wilson. "I don't care what you do with it it is a conference committee for a conference committee for a conference committee the form a conference committee for a conference committee the matter should be a saked the bill back to the house."
"What do you think the final action on this matter should be?" asked Marks, turning to Senator Smith.
"Oh, I don't care what you do with it is a conference committee in for a conference committee in favor of the bill back to the house."
"What do you think the final action on this matter should be?" asked Marks, turning to Senator Smith. Senator Kuchler.
"I don't know," said Wilson. "I don't care what you call it. A rose by any other name would smell as sweet."

## Nameless and Fatherless.

"Well, at any rate," insisted Kuchler, we have here a bundle of printed paper, we have here a blindle of printed paper, nampless and fatherless, and a communication saying that it is senate bill No. 148, 'as amended.' From the appearance of this bundle, what would you take it to be, Senator Wilson?"

"Senator Kuchler, I am neither a prophet"

nor a son of a prophet." Someone suggested that the report of the conference committee be taken from the conference committee be taken from the table and read. This was done. Senator Miller asked by what reason house bills were referred to this committee, composed partially of senate members. Nobody knew the answer. Senator Wilson asked Senator Williams, chairman of the conference committee, what bills were considered. He was told.

"Then you didn't consider senate bill No. 56?"
"No, sir."

No. 56?"
"No, sir."
"Then teil me, if you can," said Senator Wilson, "why it is that fifteen out of eighteen pages of this new bill are identical with senate bill No. 56 (the Cullen hotel bill), a bill which you say was never considered by your committee."
This created a laugh and Senator Williams didn't answer the question.

Then Senator Marks moved that a con-ference committee of three be appointed to confer with a like committee from

# FINALLY DOOMED

Senate Committee Appointed to Kill Struggling Measure.

The death knell of the Sunday closing bill was sounded yesterday in the appointment of a senate conference committee on the measure. The bill as it passed roads appropriation for \$1,000.

With these changes, and minor alterations in the wording of the bill, the measure passed the house.

PURPLE INK NOW

THE VITAL ISSUE

tee on the measure. The bill as it passed the house was a comparatively rigid Sunday closing law. It closed up theatres, circuses and other places of amusement. When it was sent to the senate it passed on Wednesday, but its provisions were made to apply to Decoration day as well as Sunday. It closed bathing resorts, all pleasure resorts and prohibited street cars and railroads from carrying passengers to pleasure resorts, bathing resorts or theatres.

the house on amendments to the bill. Senator Badger moved as a substitute motion that the senate proceed as a committee of the whole to consider the amendments to the bill. The president ruled the substitute motion out of order and Badger's ire was aroused.

"Mr. President," he said, "I regret to say that there seems to be a disposition

say that there seems to be a disposition on the part of some to cram this bill down our throats without the opportunity

"The house has this day passed, "as amended," senate bill No. 148, etc.
"With that communication are eighteen pages of printed paper, having the appearance of a bill, and labeled 'Amendments to Senate Bill No. 148.' In addi-

amendments."
"There is a rule of this legislative assembly that requires that all amendments to bills adopted by the house be inserted in the original bill by interlineation in purple ink, and that senate amendments be made in red ink. I submit that there are not a single house amendment on senbe made in red ink. I submit that there is not a single house amendment on senate bill 148, the communication to the contrary notwithstanding. Endorsed on the back of the bill is the statement that on March 11, 1909, senate bill 148 passed the senate, and on the same day passed the house. That record is conclusive that the Badger bill has passed the house in exactly the same shape that it passed the senate. That is the record, Mr. President. There is no getting away from it. The There is no getting away from it. Badger bill has passed the house.

### Returned With Thanks.

the house, with a communication the house, with a communication from the senate calling attention to the rule that all amendments must be made in purple ink on the original bill, and to the fact that, though the communication would indicate that the bill had been amended, there is nothing on the original bill to show this fact. I think unless some action of this kind is taken the Badger bill will become a law as it stands, from the fact that there is a clear records of it having passed both houses."

"I think." said Badger, "that to avert the threatened catastrophe of the Badger bill becoming a law. Senator Marks will withdraw his motion for the appointment for a conference committee in favor of

or what action you take on the bill," said Senator Smith, with a gesture of supreme disgust. "but whatever you do, I want it to be something that has a chance of being declared valid. If you took any final action on this bill in the shape in which it now is, it would be absolutely invalid."

Senator Marks withdrew his motion, and Senator Smith's motion carried and the entire realter was sent back to the the entire matter was sent back to the house, where Hansen, elected from Box Elder county on a temperance platform, was made to father the illegitimate child of the federal bunch and the brewing

interests Rocky Road for Bill.

After the mass of paper went back to the house, the senate on motion of Senator Miller reconsidered its action in adopting the report of the conference committee and laid the report on the table, expunging all reference to it from the When the bill comes back from the house today, if the senate considers the bill at all, it will probably kill it, or

For Infants and Children. The Kind You Have Always Bought Bears the Signature of Chart H. Thitehers.

pass it in a greatly amended form. The bill pleases none of the senators, and has no staunch defender. Those who vote for it as it now stands will do it because they want some sort of temperance legislation and think this measure, even though it be a brewery measure, will so deceive their constituents that it will be regarded as temperance legislation.

Several of the senators have many amendments to offer. The chief amendment will be to take the licensing power away from the state board of examiners and give it back to the county commissioners and city councils. This amendment has the support of Senators Badger. Brinkerhoff, Burton, Horsley, Hulaniski, Hyde, Kuchler, Miller, Sevy, Benner, X. Smith, John Y. Smith and Wilson, so that it seems reasonably sure of carrying.

carrying.
On the final passage of the bill as it now stands the vote is said to be:
Ayes—Badger, Brinkerhoff, Bullen, Burton, Horsley, Marks, Sevy, Stookey, Williams—9.
Nave Hulanicki, Hyde Kunhler, Miller Nays—Hulaniski, Hyde, Kuchler, Miller, Seely, Benner X. Smith, John Y. Smith, Wilson, President Gardner—9.

#### BRAND NEW BILL TO PROTECT NEWSPAPERS
